## Care Instructions

**No water needed**

These natural products do not require water.

**Display preserved flowers**

Indoors only / Away from direct sunlight.  
Away from humid environments.  
Recommended humidity: 40% - 60%  
Recommended temperature: 18-22 °C / 64-72 °F

**Durable**

With the right care, you can enjoy your natural product for years.

**Maintenance**

The only care the product requires is occasional removal of dust, ideally with an air spray or dusting with a soft brush.
