Care Instructions

No water needed

These natural products do not require water.

Display preserved flowers

Indoors only / Away from direct sunlight.
Away from humid environments.
Recommended humidity: 40% - 60%
Recommended temperature: 18-22 °C / 64-72 °F

Durable

With the right care, you can enjoy your natural product for years.

Maintenance

The only care the product requires is occasional removal of dust, ideally with an air spray or dusting with a soft brush.
